

# Grand Rapids Charter Township

-- 2016-2017 --

## BUDGET PROJECTION REPORT

### GENERAL FUND

Property tax revenue is expected to increase by 3.3% for 2016 and the projection for 2017 is an additional increase of 1.3% State revenue sharing will also slightly increase due to an additional statutory allocation.

Expenditures are expected to increase proportionately to revenue increases primarily for additional labor expense. Funding will continue to be allocated to the Endowment Funds for 2016 and in 2017 we will be replacing a major piece Fire Suppression Apparatus, which is illustrated in the Township's 5 year Capital Improvement Plan.

### ENDOWMENT FUNDS

The Township has established 5 endowment funds to address the long term maintenance of Township facilities. Over the next 5 to 10 years, General Fund dollars will be allocated to provide an adequate fund balance for the maintenance repair or replacement of the following Township assets; recreational trails, landscaping along the East Beltline median, Township parks, Courthouse plaza and Township buildings and grounds. Interest income for the endowment funds will remain at the rate of .5%-1% for 2016 and 2017.

### IMPROVEMENT REVOLVING FUND

The Township maintains this fund primarily for the purpose to finance water/sewer extension projects. Revenues are generated by interest income and assessments. Expenditures are at the request of property owners who require the expanded service.

### BUILDING FUND

The Building Fund revenues are generated by permit fees and are expected to remain stable for 2016 and 2017 as Grand Rapids Township continues to see steady growth.

### LAKES MANAGEMENT SPECIAL ASSESSMENT FUND

The revenues are generated by 5 Special Assessment Districts and the expenses are determined by those districts with consultation with the Township.

### STREET LIGHTING SPECIAL ASSESSMENT FUND

Revenues continue to exceed expenditures within the Special Assessment District due to the upgrade of the fixtures by Consumers Energy, the provider of the street light service. A review of that annual assessment fee will be completed in 2016 for a possible decrease in the assessment for the 2017 budget year.
